

## COVID Agreements

I agree to follow the protocol below so as to best protect my co-volunteers on this trip and myself so that we can best serve the community where we are doing St. Francis Builds ministry.

- I am fully vaccinated consistent with current CDC recommendations.
- I have tested negative for COVID during the 24 hours preceding in-person potlucks and travel to the SFB build location
- I agree to notify SFB leaders if I have any COVID symptoms or positive test results at any time during the two weeks prior and one week post-trip.
- I agree to limit my exposure to large groups and symptomatic individuals one week prior to travel, and if exposure is necessary, to wear a high-quality mask (N95 or KN95) during that time.
- I agree to wear a high-quality mask throughout air travel to and from the SFB build location and during the trip per SFB leaders' request.
- I understand that if I test positive during the trip, I will need to relocate to a nearby hotel until I can return home safely. Expenses will be covered by trip insurance that St. Francis Builds has purchased at a predetermined rate. I understand that I will be responsible for expenses not covered by insurance unless I am a scholarship recipient.

I have read and accept the above COVID agreements.
